

## ANTIQUE CHERRY

### Description

Our rare Antique Cherry flooring is made from reclaimed barn wood timbers, siding, floor joists, roof trusses, etc. Planks ranges in color from the lustrous dark reddish brown heartwood to the pale cream-colored sapwood and contain evidence of their age and their former life including blackened nail holes, insect marks and weathered cracks. The grain is frequently wavy and satiny. American Cherry heartwood will darken over time to a consistent dark reddish brown. An Aged Woods® Antique Cherry floor is uniquely beautiful with minimum to medium character and patina. This floor is slightly less durable than oak and should be treated like a fine piece of furniture.

### Specifications

- \* FSC Recycled 100% / Contributes to LEED® MRC3: Material Reuse
- \* All planks are kiln-dried to 8%, +/-2% before being milled and graded to our consistently high standards by trimming out defects and waste.
- \* Unfinished - needs light sanding or simply screening after installation before finishing with the finish of your choice
- \* Plank thickness: 3/4" (1/2" in some widths/ranges)
- \* Single width planks: 2-1/2" up to 12" (and wider depending on availability)
- \* Plank length: 18" - 12'
- \* Typically sold in ranges of four consecutive widths: 3" to 6", 4" to 7" and 5" to 8" with other ranges available. (Some of each width in the range is included in every order, e.g. 3" to 6" will contain 3", 4", 5" and 6" planks)
- \* Most popular: 3" to 6" range

### Suggested Price

- \* U.S. Dollars Per square foot: From about \$14 to about \$27, not including shipping

### Prefinishing Option

- \* Not available due to texture

### Milling Options
