

ANTIQUE HICKORY

Description

Our rare Antique Hickory flooring is made from reclaimed barn wood timbers, siding, floor joists, roof trusses, etc. Planks are light tan in color with occasional and distinctive dark brown streaks and graining and contain evidence of their age and their former life including blackened nail holes, insect marks, weathered cracks and patina. An Aged Woods® Antique Hickory floor is uniquely beautiful with minimum to medium character and patina. This is the hardest, most durable floor we sell.
