

ANTIQUÉ AMERICAN CHESTNUT

Description

Our rare Antique American Chestnut flooring is made from timbers and other interior barn wood and has a distinctive grain pattern. Planks range in color from light to medium honey and contain evidence of their age and their former life including blackened nail holes, insect marks, weathered cracks and some patina. An Aged Woods® Antique American Chestnut floor is uniquely beautiful with minimum character and minimum patina.

Due to a blight, this species went extinct in the beginning of the 20th century. Efforts are under way to revive it by hybridizing, but reclaiming is the only source for authentic American Chestnut, *Castanea Dentata*.

Specifications

- * FSC Recycled 100% / Contributes to LEED® MRC3: Material Reuse
- * All planks are kiln-dried to 8%, +/-2% before being milled and graded to our consistently high standards by trimming out defects and waste.
- * Unfinished - needs light sanding after installation before finishing with the finish of your choice
- * Plank thickness: 3/4" (1/2" in some widths/ranges)
- * Single width planks: 2-1/2" up to 12" (and wider depending on availability)
- * Plank length: 18" - 12'
- * Typically sold in ranges of four consecutive widths: 3" to 6", 4" to 7" and 5" to 8" with other ranges available. (Some of each width in the range is included in every order, e.g. 3" to 6" will contain 3", 4", 5" and 6" planks)
- * Most popular: 3" to 6" range

Suggested Price

- * U.S. Dollars Per square foot: From about \$12 to about \$18, not including shipping
